## Dollia Project

**NFT, VR, AR, AI and Sharing**  
**Token -- A Metaverse project**

**Dollia Project Is A Virtual Doll Industry In The Metaverse, Which Is Sustainable And Playable.**

### We Talk About Sustainable

Dollia Project is different from any other NFT projects, because it compact with much more complex. Dollia Project is planed with Dollia Gene NFT: encryption codes NFT; Dollia Memo: interactive DApp; Dollia Galleria: shopping & exchange platform for dress-ups; Dollia Play: GameFi and DeFi. The currently Dollia Gene NFT is the basic of following DApp and Games. To make the project sustainable, we recommend you DLST - the sharing Token.

#### Read What Our Customers Say

Every Dollia has its single intrinsic character, which determined by five randomly given attributes: Aqua, Natura, Pyro, Terra and Ferro.

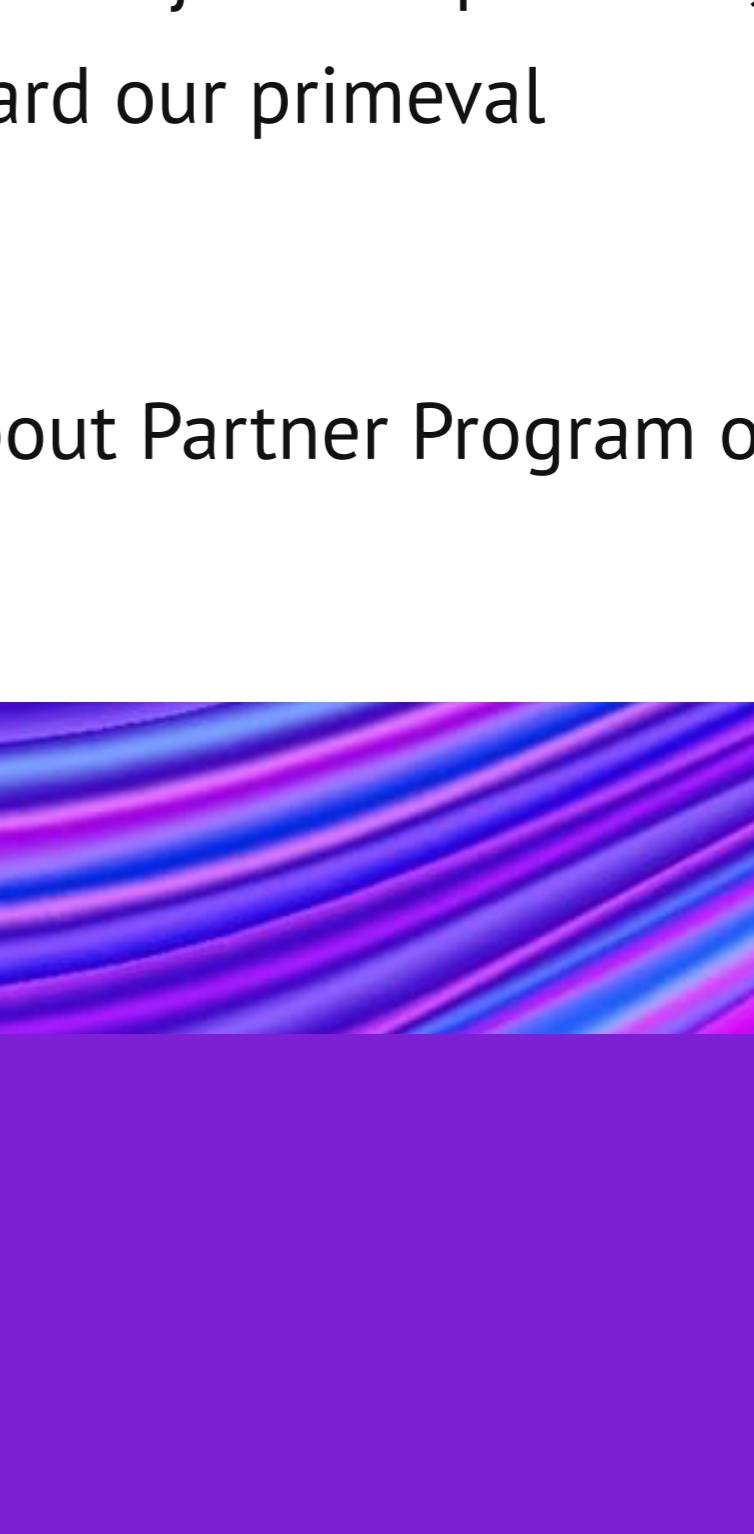

Dollia's appearance can be customized.

As soon as the development of Dollia Memo DApp finished, every Dollia Gene NFT will receive 3D airdrop of 3D one.

### How We Create Brand Power

- Dollia project describes itself as a Metavers project with fully complex, a combination of PFP, AR NFT, AI, DApp with social attributes, GameFi and DeFi, which seamlessly connect developers, NFT fans, app users, gamers together.
- The Dollia Sharing Tokens (DLSTs) shares all revenue of Dollia Project. As a Decentralized Autonomous Corporation, all income records on blockchain, we keep the financial transparency to a great extent. The value of DLST is positively related to the scale of the Dollia Project.

#### Get know about our promotion & partner program!
